

1. Impossible Dreams?

In this session, people present ideas on advocacy for media development, projects, research, etc. that you always wanted to do but never got around to.

My Dream (describe the main points of your project dream in no more than two sentences):

The idea is to establish a Public Service Media Fund that would unite main international donors and most prominent Armenian civil society groups to provide and coordinate support for public service media products. The founders would combine in PSMF the roles of donors, fundraisers and trustees.
