In this session, people present new, different, innovative, successful project ideas to share experience and look for possible partners.

**My Project Idea** (describe the main points of your project idea in no more than two sentences):

My Project, the European Neighbourhood Journalism Network (which runs until June 2010) trains and networks journalists in the 16 countries which border the European Union, with the aim of improving understanding between these neighbours. We aim to consolidate already established relationships within and between the Maghreb and Levant regions, while also developing new links with Caucasia, the Russian Federation and the CIS states.
