

GFMD launches fundraising guide for Arabic language media, media development and journalism support organisations

A communication toolkit for members and partners of GFMD to promote the GFMD Fundraising Guide's translation into Romanian

Please use this communications toolkit and the tools within to share news about the newly translated Guide from 5 September 2023. The communication toolkit is also available **in Arabic**.

Newly Translated Fundraising Guide

With only 0,3% of Overseas Development Aid going to media development, it's no wonder that many organisations struggle to make ends meet. If you are a small or medium-sized media development organisation you may not have the resources to hire an external consultant to help you in your fundraising efforts.

In 2021, GFMD put together a new fundraising centre and guide specifically aimed at our sector to help you develop and improve your fundraising proposals. We are excited to announce that our Fundraising Guide for Media Development has now been translated into Arabic and is hosted by GFMD member and investigative journalism network ARIJ!

From now on, you can browse the guide in multiple languages:

- Arabic
- **French**
- **Spanish**
- **English**
- **Ukrainian**
- Russian

← Good news! The guide is also being translated into Romanian and will be available later this year!

The Arabic Fundraising Guide features:

Tips on how to plan the process, identify relevant opportunities, write a proposal, and present a realistic budget.

An extensive lexicon of fundraising terminology to help you during the process.

s If you are looking for donors, the resource centre has an extensive list of relevant funders with details of their areas of focus and links to their funding opportunities.

As always, please let us know if you have any ideas or suggestions for how we can make our fundraising resources more useful. What languages would you like to see the Fundraising Guide translated into next? We would love to hear from you!

Please share the guide with your colleagues and partners so we can lift the sector together!

Social media posts & visuals

The communication toolkit is also available in Arabic.

We are excited to share the guide in Arabic with you and invite you to join us in sharing them with your networks on September 5, 2023.

Visuals both in English and Arabic can be found here.
